

Export Document Checklist - Buying from Litebow

When you import brass components from our factory in Jamnagar, India, these are the documents typically involved. We support standard export documentation for every order.

Documents we provide

- Commercial invoice - values, quantities, HS codes, Incoterms.
- Packing list - carton/pallet-wise quantities, weights, dimensions.
- Certificate of origin - issued as required by the destination country.
- Material test certificates - mill certificates for the brass grade in your order (on request).
- Inspection reports / certificate of conformity - dimensional reports against your drawing (on request).
- Test-condition datasheets - IP, pressure and leak test conditions behind the stated ratings (on request).

What we need from you

- Confirmed drawing or approved sample.
- Agreed Incoterm (EXW / FOB / CIF standard; DAP / DDP by discussion).
- Consignee details and notify party for the bill of lading.
- Any destination-specific certificates required by your customs broker.

Indicative transit times

Indicative only - never guaranteed. Sea freight from Mundra/Nhava Sheva to major ports typically runs 2-6 weeks depending on destination; air freight 3-7 days. Confirm current schedules with your forwarder at order time.
